# Welcome

Thank you for contacting us & congratulations on your engagement! It's an exciting and adventure filled time ahead in planning your wedding! This brochure aims to give you a little important information about who we are & what we can do. As we are all about wedding photography, there are lots of pretty pictures to look at too from a selection of weddings across Scotland.

## About you

The chances are if our images speak to you as a couple, then you are looking for beautiful photography which is genuine & reflects a relaxed & fun approach to your day.

## About us...

We are husband & wife team, Brian & Paula O'Neill, creative partners in life and work. We have been professional wedding photographers as a partnership for 12 years now, with Brian's experience going back considerably longer. Brian works full time in the business, whilst Paula is a sector leading Art and photography teacher who second shoots and runs the social media. We live in an idyllic cottage in the Perthshire countryside with our two best boys, labradors Magnus & Moss.

We are genuinely passionate about what we do and approach our photography and each wedding with care, planning, craftsmanship and love. We limit the number of weddings per year to give all our couples our best.

## Style...

Our style is above all natural; everything that is genuine and heartfelt. Most of the shots that we take on your day are as it happens (candid), which ensures your gallery is a true reflection of all the moments that you will want to remember. We will give you a little direction for your couple portraits - fun we promise - and will take group family photos on request.

# The adventure begins..

Planning your wedding is exciting and it can also be a deluge of information with lots of things to consider.. We aim to make that very simple and supportive, taking you through how we photograph a wedding to give you a flavour of how your day could go.

All weddings are unique and ultimately about what you want from your day - we are there for you.

Dog friendly weddings...

We might have mentioned that we love dogs so here's a further (cute and fluffy) reminder... Dogs at weddings are our go to...

Your day your way..

We arrive two hours before the ceremony where Paula will meet the girls for bridal prep. Brian is able to cover the second group if at the venue or can meet an hour before the ceremony for 'walking to the ceremony' shots if preferred. Having two of us means that we can take time to capture all the meaningful moments, details and people before we come together at the ceremony.

A relaxed and informal approach to the wedding morning. These shots are taken at your venue to ensure plenty of time to welcome your guests.

The wedding morning..

Your wedding preparations are part of your story as it is time spent with the people you love. We shoot this with minimum intervention ensuring that the moments are genuine - not staged and therefore the memories

Getting ready...

# Details

We love to capture all the details of your day which you have put so much thought and planning into...

Details...

Walking up the aisle...

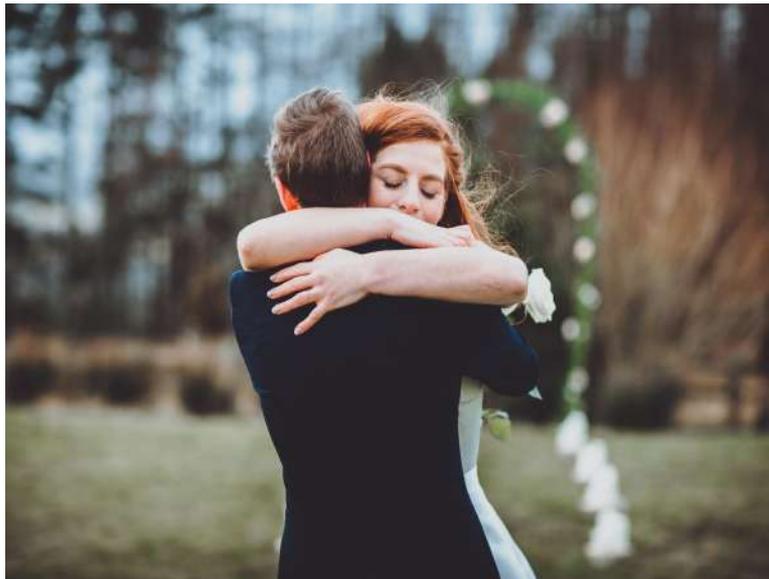

Walking up the aisle (whatever your way) to get married - it's one of our favourite moments... We have captured weddings from the city centre to beaches and forests...

# I do's

Saying your I do's your way whether inside or outside, barn or castle. We are there to capture it from two perspectives, giving you the whole story - your vows and your guest's reactions.

That just married feeling with some flowers thrown in. Always a joy to photograph..

We did it!

favourites..

# Portraits

Your couple portraits are time away just the two of you and it's often what our couples say is the best part of their day. It's a little time out with us and a camera along.. We don't want to take you away from your guests any longer than you wish so usually spend 45 minutes to an hour with you as preferred.. Your images should reflect your relationship, give a sense of place and not anything uncomfortable or over posed... Your pre wedding shoot takes away any nerves and we make it relaxed and fun. The following gallery gives a little taster of locations and approach.

Your people...

We take formal shots as requested though do suggest to keep this to around 10 to allow the best flow to your day. We also take candid throughout...

# Speeches

The laughter and  
maybe some tears...

# Details

Details from  
your design &  
wedding  
reception

During your meal we stop shooting as no one really wants pictures of Great Aunt Edith tucking into her chicken...

We take a short break at this point to allow us to recharge and grab our breath.

However it is always good to shoot some pretty food shots where possible.

Let's  
dance

Dancing..

Images of you and your guests celebrating into the evening are part of your story...

## FAQ'S

- **How many weddings do you shoot a year?**

*We limit it strictly to ensure that we give our couples our best. This relates to our work on the day plus the time and care we take in the editing process - we never batch edit - each gallery is hand edited.*

- **Are you insured and what does this cover?**

We are fully insured with a specialist media insurer which covers all possible eventualities.

- **What happens if you are ill on our wedding day?**

We have never missed a wedding yet, however are each capable of shooting a wedding without the other, plus have a bank of capable photographer colleagues who shoot in a similar style who can seamlessly step in.

## FAQ'S

- **How long until we get our images?**

Your full gallery will be ready between 6 - 8 weeks after your wedding to allow for careful hand editing and presentation. The images some high res and watermark free. It will be sent recorded delivery to your home, after which a link to your secure online gallery will be sent for you to share with your family & friends.

- **Do you do prints and albums?**

Yes, we have a number of beautiful options and only use the best photo lab in Europe for your prints - you'll see a noticeable difference in quality from your high street printer.

## FAQ'S

- **How do you protect and backup my images on the day and after?**

We shoot all weddings simultaneously on 2 cards and never overwrite these until your gallery is complete and sent to you. We always carry backup cards and equipment. Your images are stored both in the cloud and on a top spec solid state system.

- **What if it rains on our wedding day?**

There are always beautiful options and possibilities in all weather situations and we are also ready to grab 10 minutes between the raindrops if at all possible with your schedule. White brollies and raindrops are also incredibly romantic if shot well - relax, you won't notice the weather, trust us!

- **Do you take group shots? YES - ABSOLUTELY**

We understand that these are important.

## FAQ'S

- **Why bother with a pre wedding shoot?**

It helps you both relax in front of the camera, allows us to explore all the possible locations with you at your venue for shots on your day, which makes photography on your day run even more smoothly and can also be used for save the dates if wanted.

- **What equipment do you have?**

We both shoot on Canon R5 and 6's with dedicated RF lenses. These are the latest models and highest spec.

- **Can we see full galleries?**

Absolutely - delighted to share full galleries with you as well as the range on our website.

## FAQ'S

- **How do we find out more about your services?**

Drop us a line via the contact form on the website and we can arrange a meeting. As we live near Gleneagles, we are happy to meet there or in our home, River Cottage.

- **If we meet, are we obliged to book?**

No, not at all! It's always a good idea to meet your proposed photographer and/or filmmaker as they will be with you all day, so you'll want to get on. We both want to be the best fit.

- **Do you travel all over Scotland.**

Yes, absolutely. We do not charge travel within 25 miles.

## Get in touch...

We'd love to chat further over coffee and cake (our treat) and hear all about your plans...
